

Safely guide suspended loads or reach for tag lines and rigging. Each SHT3 is enhanced with a Carbon Fiber sleeve on the neck where the tooling head is mounted. This increases the tool's strength significantly. The tapped end of our type 3 tool's internally threaded plug enables the use of our lap link and other specialty tools with the original push/pull head.

- Push/Pull Hooks on Y-head
- Graphite Reinforced Head Joint
- Extreme Temperature Durable Head
- Reflective Tape
- Safety Yellow Fiberglass Reinforced Pipe
- Large Protective Hand Grip
- Reflective Label
